Differentiation

CONTENTS:

Vol 1 no 1 February 1973

page

Editorial 1

Foreword:

PAUL A. WEISS
Differentiation and its three facets: facts, terms and meaning 3

Original papers:

C. V. WYLIE, P. K. NAKANE & G. B. PIERCE
Degree of differentiation in nonproliferating cells of mammary carcinoma 11

F. MEINS, Jr.
Evidence for the presence of a readily transmissible oncogenic principle in crown gall teratoma cells of tobacco 21

H. D. PREISLER, W. SCHER & CHARLOTTE FRIEND
Polyribosome profiles and polyribosome-associated RNA of Friend leukaemia cells following DMSO-induced differentiation 27

E. J. AMBROSE & DOROTHY M. EASTY
Time lapse filming of cellular interactions in organ culture 39

R. TENCER & J. BRACHET
Studies on the effects of bromodeoxyuridine (BUdR) on differentiation 51

T. YAMADA, D. H. REESE & D. S. McDEVITT
Transformation of iris into lens *in vitro* and its dependency on neural retina 65

M. REPORTER & GRACE NORRIS
Reversible effects of lysolecithin on fusion of cultured rat muscle cells 83

Differentiation

Editorial 1

Foreword:

PAUL A. WEISS
Differentiation and its three facets: facts, terms and meaning 3

Original papers:

C. V. WYLIE, P. K. NAKANE & G. B. PIERCE
Degree of differentiation in nonproliferating cells of mammary carcinoma 11

F. MEINS, Jr.
Evidence for the presence of a readily transmissible oncogenic principle in crown gall teratoma cells of tobacco 21

H. D. PREISLER, W. SCHER & CHARLOTTE FRIEND
Polyribosome profiles and polyribosome-associated RNA of Friend leukaemia cells following DMSO-induced differentiation 27

E. J. AMBROSE & DOROTHY M. EASTY
Time lapse filming of cellular interactions in organ culture 39

R. TENCER & J. BRACHET
Studies on the effects of bromodeoxyuridine (BUdR) on differentiation 51

T. YAMADA, D. H. REESE & D. S. McDEVITT
Transformation of iris into lens *in vitro* and its dependency on neural retina 65

M. REPORTER & GRACE NORRIS
Reversible effects of lysolecithin on fusion of cultured rat muscle cells 83

Vol 1 no 2 – April 1973

page

Original papers:

J. R. SCHILTZ, R. MAYNE & H. HOLTZER
The synthesis of collagen and glycosaminoglycans by dedifferentiated chondroblasts in culture 97

D. TARIN
Histochemical and enzyme digestion studies on neural induction in *Xenopus laevis* 109

E. BALTUS, J. BRACHET, J. HANOCQ-QUERTIER & E. HUBERT
Cytochemical and biochemical studies on progesterone-induced maturation in amphibian oocytes.
1. Ribonucleic acid and protein synthesis (effects of inhibitors and of a 'maturation promoting factor') 127

A. B. DA CUNHA, R. W. RIESS, C. PAVAN, J. J. BIESELE, J. S. MORGANTE & M. C. GARRIDO
Studies on cytology and differentiation in Sciaridae.
5. Electron microscopic studies on the salivary glands of *Bradysia elegans* Morgante (Diptera, Sciaridae) 145

M. R. SHALABY & R. AUERBACH
Studies on the maturation of immune responsiveness in the mouse.
1. The *in vivo* response to sheep red blood cells 167

Preliminary reports:

R. G. McKINNELL, L. M. STEVEN Jr. & E. G. ELLGAARD
Serum electrophoresis of genetic replicate leopard frogs produced by nuclear transplantation 173

Reviews:

B. GONDOS
Intercellular bridges and mammalian germ cell differentiation 177

Models & hypotheses:

P. A. RILEY
The principle of sequential dependence in cellular differentiation 183

Vol 1 no 3 June 1973

page

Original papers:

JOAN E. M. HEAYSMAN & SUSAN PEGRUM
Methylcholanthrene-induced sarcoma and normal muscle fibroblasts of the mouse—a comparison of their ultrastructure 191

E. G. ROGAN, M. P. SCHAFER, N. G. ANDERSON & J. H. COGGIN Jr.
Cyclic AMP levels in the developing hamster foetus: a correlation with the phasing of foetal antigen in membrane maturation 199

W. G. HEIM, ANN C. MORRISON & J. R. SHOEMAKER
Effects of rat alpha-2 macroglobulin on growth *in vitro* 205

URSULA MITTWOCH & MIA L. BUEHR
Gonadal growth in embryos of *sex reversed* mice 219

ANN JACOB STOCKER & C. D. KASTRITSIS
Developmental studies in *Drosophila*
7. The influence of ecdysterone on the salivary gland puffing patterns of *D. pseudoobscura* larvae and prepupae 225

Reviews:

P. DE MOOR, G. VERHOEVEN & W. HEYNS
Permanent effects of foetal and neonatal testosterone secretion on steroid metabolism and binding 241

Vol 1 no 4 August 1973

CONTENTS:

page

Original papers:

C. V. LUNDEEN, H. N. WOOD & A. C. BRAUN
Intracellular levels of cyclic nucleotides during cell enlargement and cell division in excised tobacco pith tissues 255

P. R. HURST, P. B. GAHAN & J. W. SNELLEN
Turnover of labelled DNA in differentiated collenchyma 261

URSULA MÜLLER & R. HOHL
Pattern formation in *Dictyostelium discoideum:* temporal and spatial distribution of prespore vacuoles 267

E. J. AMBROSE & DOROTHY M. EASTY
Time lapse filming of cellular interactions in organ culture
2. Behaviour of malignant cells 277

M. K. AGARWAL
Morphofunctional differentiation in the liver
1. Influence of partial hepatectomy, cortisone and endotoxin on coordinated cellular activity during hepatic regeneration 285

TEHILA UMIEL
Requirements for the development of immunocompetence of embryonic liver cells: the graft-versus-host response 295

Reviews:

G. HARRIS
DNA synthesis and the production of antibodies by lymphoid tissues 301

Vol 1 no 5 October 1973

page

Original papers :

P. FURMANSKI
Neurite extension by mouse neuroblastoma: evidence for two modes of induction 319

R. KURTH & H. BAUER
Correlation between intracellular cyclic AMP level and cell membrane antigenicity of normal and malignant cells 323

K. KLOPPSTECH & H. G. SCHWEIGER
Synthesis of chloroplast and cytosol ribosomes in regenerating *Acet[illegible]aria* cells 331

SHIGEKI MIZUNO, H. R. WHITELEY & A. H. WHITELEY
The enrichment of egg-type RNA in cleavage stage embryos of the sand dollar *Dendraster excentricus* 339

D. DELAIN, M. C. MEIENHOFER, D. PROUX & F. SCHAPIRA
Studies on myogenesis *in vitro:* changes of creatine kinase, phosphorylase and phosphofructokinase isozymes 349

G. E. GRIFFIN & G. GOLDSPINK
The rate of incorporation of ^{3}H-adenosine into actin during the post-natal growth of striated muscle 355

K. A. RAFFERTY, JR
Morphology and longevity of cells cultured from primate, carnivore and rodent tissues 363

M. J. FRITZLER & R. B. CHURCH
Hepatoma nucleic acid-histamine interactions 373

Vol 1 no 6 December 1973

page

Original papers:

C. K. FRANKER, CANDYCE D. PRICHARD & CAROL A. LAMDEN
DNA-binding protein and the cell cycle in *Cryptothecodinium cohnii*
2. Short-lived protein with affinity for double-stranded bulk DNA 383

R. M. KOTHARI
Studies on the RNA isolated from fresh water sponge, *Ephydatia meyeni* 393

D. S. PACKARD, JR, R. A. MENZIES & R. G. SKALKO
Incorporation of thymidine and its analogue, bromodeoxyuridine, into embryos and maternal tissues of the mouse 397

M. SUSAN STERN
Development of cleaving mouse embryos under pressure 407

J. C. BOUCAUT
Autoradiographic analysis of *Pleurodeles waltlii* embryos injected with labelled embryo donor cells 413

K. A. BISSET
Reversible and irreversible changes of morphological phase, associated with giant colony growth in *Bacillus* sp. 419

D. BELLAMY & HANNAH ALKUFAISHI
Heterogeneity of thymic lymphocytes, as assessed by the effects of treatment with cortisol, both *in vivo* and *in vitro* 425

M. P. VIOLA-MAGNI & G. SAMONCINI
DNA turnover in adrenal cells of Long Evans rats 431

Reviews:

E. M. PANTELOURIS
Athymic development in the mouse 437
